

H-90 - Rugged 21 Pocket Tool Case - Data Sheet

A rugged versatile 21 pocket tool case with a removable top, made from special heavy duty material for greater durability and long life. The case is reinforced with a tough thick backing material to maintain its shape – even when loaded with tools.

A sturdy cushion gripped ergonomic metal handle makes transporting your tools a breeze. Additional features include a carry strap, two additional straps for securing the case to a ladder, a metal clip on the exterior for holding a tape measure and pockets galore. There are 11 pockets inside the case plus additional space for other tools, 8 exterior tool pockets, one compartment with a Velcro flap and another with an elastic band, making this a very versatile carry all. Case measures: 10” high, 11” wide and 8” deep.
